RE: Confirmation of the date for the 2020 National Championship

Gentlemen,

This letter serves as formal notification that the 2020 National Trials, scheduled for earlier this year, has been re-scheduled to take place from 25 to 27 September 2020.

At a special meeting the committee has agreed to recommend the following:

1. The event will be called "National Championship", not "National Trials".
2. Entry to the event will be restricted to a) SAFTAA members who have their 60% on the National Log and b) special invites. All special invites sent for the March event are still valid for this event.
3. Entries are limited to 45 people - we require the additional 5 people (due to the 50-people allowed at a gathering COVID-restriction) for catering, marshals and admin.
4. People who entered the March Nationals will keep their entries. These entries are given preference over shooters wishing to join this event.
5. A National Team will not be selected as normal. The top 8 shooters at the National Championship will be recognised with "SAFTAA 2020 Top 8" colours. The requirement of 90% on the National Log is not applied for this event.
6. Up to position 16 will be recognised with normal SAFTAA Colours. The limitation of only awarding SAFTAA colours to those shooters that have not achieved National colours previously will still be applied.
7. Shooters will require at least 60% on the National Log to qualify for "SAFTAA 2020 Top 8" and SAFTAA Colours.

Because the Covid-19 restriction has been lowered to Level:2 we do not anticipate any restrictions on inter-provincial travel.

Thank you again for being willing to host the event. You have our full support

We wish you every success in the preparations.

Regards

Wian Strydom
On behalf of – The SAFTAA Committee
